

Request for Proposals 2014

Visual and performing artists are invited to submit proposals for *Art on the Atlanta BeltLine* 2014. Scheduled for September through November, temporary works of visual art and performances will be exhibited along the linear greenspace of the BeltLine corridor.

The largest temporary art project in the history of Atlanta, *Art on the Atlanta BeltLine* seeks to include **visual artists, performers, musicians and historic preservationists**; placing working professionals alongside emerging artists.

Now in its fifth year, *Art on the Atlanta BeltLine* returns to bring visual art and performance to nearly 8 miles of the Atlanta BeltLine corridor.

The Atlanta BeltLine is an emerging system of parks, trails, transit and economic development that reclaims mostly abandoned rail corridors. With an emphasis on public spaces, improved transportation, cultural amenities and revitalizing neighborhoods, it has the potential to redefine the city and make it a better place to live, work and play. Find additional information about the Atlanta BeltLine at www.beltline.org.

Potential projects should reflect the historic, environmental, cultural, functional, urban design, and/or aesthetic aspects of the sites and should be well-researched, well-planned and feasible. Although not limited to the following examples, potential projects might include all or some of the following:

- Temporary art, sculptural or visual installations;
- Gateway or entrance works;
- Performance works of all kinds, including but not limited to music, dance, theater and performance art;
- Utilization of fences or screening devices;
- Amenities for visitors – such as benches, bike racks, shade structures, recycling and trash collection receptacles;
- Loan of existing artwork, such as sculptures or assemblages;
- Murals;
- Plantings or environmental works.
- School or class projects

For examples of previously funded projects, visit art.beltline.org

Interdisciplinary approaches, innovative uses (or re-uses) of materials and new technologies are encouraged. Applicants may wish to consider ways in which some level of community involvement can be facilitated in the creation of the projects.

Proposed materials should be modestly priced and durable with minimal maintenance in an outdoor setting. All works must be designed to be safely removed at the end of the designated period, or disintegrate safely into the environment. **Works and performances not suitable for all ages/audiences**

or contain materials deemed to be dangerous, toxic, or hazardous to public safety will **NOT** be accepted. All construction, installation and deinstallation methods must be adequate and safe for public interaction. Projects must last throughout the exhibition period; however, we are also interested in performance works or ephemeral works that could be scheduled to occur periodically throughout the timeframe.

LOCATIONS/SITES

Proposed projects will be presented in the following sections of the Atlanta BeltLine.

All exhibit space is outdoors:

- 1) Between Montgomery Ferry Road and Monroe Drive
- 2) Between Monroe Drive and Irwin Street (Eastside Trail)
- 3) Between Wylie Street and Memorial Drive in Reynoldstown
- 4) Between Washington Park and Allene Avenue in southwest Atlanta

Submissions do not have to be site specific. Following selection, artists will work with Atlanta BeltLine to select an exhibit location. Additional spaces may become available as the project progresses. Exhibition locations are subject to change due to construction of other factors. Applicants will be notified of any changes.

PERFORMANCE DATES

Performing artists and musicians should keep the following dates available. Performance events scheduled outside these dates will not be permitted.

September	6, 7, 20, 21
October	18, 19

Some of our performance locations include: the outdoor theater in Historic Fourth Ward Park, Gordon White Park, on the Atlanta BeltLine corridor in Reynoldstown behind H Harper Station, and on the Atlanta BeltLine corridor off Allene Ave.

ATLANTA BELTLINE WALKING TOURS

Periodic tours of sections of the Atlanta BeltLine will be conducted. You are encouraged to explore the trails on your own or during one of these tours to be better educated about the terrain and history of the Atlanta BeltLine. Download the 2013 *Art on the Atlanta BeltLine* brochure from art.beltline.org for maps showing the trails and exhibition area. Our interactive map at art.beltline.org/map shows the entire corridor and current art locations.

BUDGET

Amounts to be awarded are up to \$6000. Please note that funds are limited, and in last year's awards, the average amount presented was \$2,200. The amount will be at the discretion of the selection panel. Of the total grant amount, artists should incorporate a minimum of 20 percent as an artist's fee in the budget that must be submitted with each proposal. The award will cover the design (including artist's fee), fabrication, shipping, installation, maintenance, and de-installation of the project. Artists may solicit contributions of materials or cash from other sources.

TIMELINE

Call for artist proposals published:	February 20
Information Sessions:	March 8, 13, April 2, 6
