

**THE ATLANTA BELTLINE** is a sustainable redevelopment project that is positively transforming our rapidly growing city. It will ultimately connect and revitalize 45 intown neighborhoods through a 22 mile loop of multi-use trails, light rail transit and parks — repurposing the railroad corridors that encircle Atlanta.

**THE ATLANTA BELTLINE PARTNERSHIP** is the nonprofit organization that helps keep the Atlanta BeltLine vision on track by **enabling** the construction of more parks and trails; **engaging** the public through tours, health and fitness programs, and special events; and **empowering** Atlanta BeltLine residents to connect with jobs, housing, and economic development.

### OUR MISSION

#### Enable the Project

Public funding from local, state, and federal sources cannot cover the entire cost of the BeltLine initiative. The Partnership raises funds from private and philanthropic sources to make sure the project is completed.

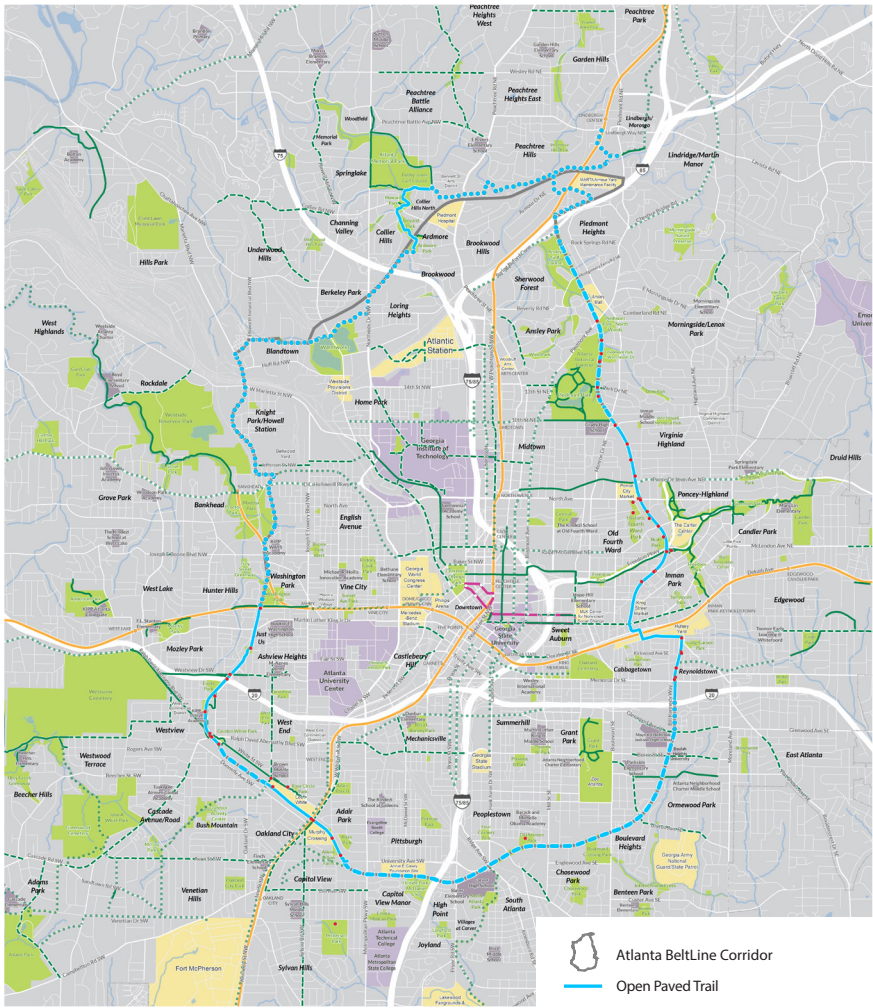

#### Engage the Public

The Atlanta BeltLine is a long term vision. Partnership programming raises awareness and provides experiences that transform casual observers into committed advocates — ensuring public support for the project remains strong.

#### Empower the Residents

The Partnership works to understand opportunities and challenges to equitable health, housing and economic opportunity that affect Atlanta BeltLine neighborhoods — improving outcomes by connecting residents with partners and resources that help equip and empower those who call the 45 neighborhoods along the Atlanta BeltLine corridor home.
