IMPORTANT NOTE FOR TRAIL VISITORS

The Open Unpaved Trails have no additional lighting, no pavement, and limited points of access. Visitors can enjoy these pleasant retreats at their own risk and are encouraged to wear appropriate footwear or use a bicycle that can handle rough terrain.

Atlanta BeltLine, Inc. is not liable for any injury or damage as a result of using these unfinished trails.

The Business Solutions Office hosts business breakfasts on the BeltLine for local business owners to network and engage with the BeltLine's business community. Whether you walk, run, ride, or roll, the Atlanta BeltLine takes you where you want to go. Our furry friends love the BeltLine as much as we all do. ### ECONOMIC DEVELOPMENT

A significant infusion of private and public investment along the Atlanta BeltLine corridor demonstrates its powerful economic impact and its ability to spur catalytic growth and job creation.

### AFFORDABLE HOUSING

A principle tenet of the project is maintaining equitable access to quality affordable housing ensuring neighborhoods at risk of gentrification are preserved and protected.

### ARTS & CULTURE

Celebrating our rich cultural diversity through creative expression is integral to a project focused on bringing together a broad cross section of the city to unite behind our common bonds and aspirations.

### PARKS

Quality greenspaces are essential to a sustainable quality of life in an urban environment, with park spaces providing recreational opportunities and access points for community connections.

### TRANSPORTATION

Improved connectivity and better access to quality transit options are fundamental to the vision for the BeltLine as a conduit for opportunity in an economically and culturally diverse community. Our strategic planning for rail transit on the Atlanta BeltLine calls for building upon the existing Atlanta Streetcar to bring transit to segments of the 22-mile BeltLine loop, with five crosstown connector corridors integrated with MARTA.

### TRAILS

A network of pedestrian-friendly spaces that promote walking, jogging and biking can bring together diverse communities across the city and promote healthy living for everyone in the city.

As one of the largest, most wide-ranging urban redevelopment programs in the United States, the Atlanta BeltLine is the catalyst for making Atlanta a global beacon for equitable, inclusive, and sustainable city life. Our goal is to implement the BeltLine project in a way that ensures all Atlantans have the chance to participate in and benefit from its economic growth for generations to come.
