IMPORTANT NOTE FOR TRAIL VISITORS

The Open Unpaved Trails have no additional lighting, no pavement, and limited points of access. Visitors can enjoy these pleasant retreats at their own risk and are encouraged to wear appropriate footwear or use a bicycle that can handle rough terrain.

Atlanta BeltLine, Inc. is not liable for any injury or damage as a result of using these unfinished trails.
CREATE lasting moments in ATLANTA

As one of the largest, most wide-ranging urban redevelopment programs in the United States, the Atlanta BeltLine is the catalyst for making Atlanta a global beacon for equitable, inclusive, and sustainable city life. Our goal is to implement the BeltLine project in a way that ensures all Atlantans have the chance to participate in and benefit from its economic growth for generations to come.

TRAILS
A network of pedestrian-friendly spaces that promotes walking, jogging, and biking does bring together diverse communities across the city and promotes healthy living for everyone in the city.

TRANSPORTATION
Improved connectivity and better access to quality transit options are fundamental to the vision for the BeltLine. A conduit for opportunity in an economically and culturally diverse community. Our strategic planning for rail transit on the Atlanta BeltLine calls for building upon the existing Atlanta Streetcar to link transit to segments of the 22-mile BeltLine loop, with fixed-moat connector corridors integrated with Midtown.

PARKS
Quality greenspaces are essential to a sustainable quality of life in our urban environment, with parks providing recreational opportunities and access points for community connections.

ARTS & CULTURE
Celebrating our rich cultural diversity through creative expression is integral to a project focused on engaging a greater broad cross section of the city to underline our common bonds and aspirations.

AFFORDABLE HOUSING
A principle tenet of the project is maintaining equitable access to quality affordable housing ensuring neighborhoods at risk of gentrification are preserved and protected.

ECONOMIC DEVELOPMENT
A significant infusion of private and public investment along the Atlanta Beltline corridor creates opportunity for sustainable city life. Our goal is to implement the BeltLine as a conduit for opportunity in an inclusive, equitable, and sustainable city.
